

## We Offer Direct Billing

Most Extended Health Companies now allow us to direct bill.

This will make a difference for many of you as it would mean that your extended health insurance will take care of some (if not all) of the cost for your appointments.

***Bring your extended health provider information with you to your next visit to see if, & what, they cover.***

\* Please note that we do not have control over your Extended Health Company's decisions on what or how much they cover.

As a heads up, here are a few patterns we have noticed when we direct bill:

1. **SOME** plans & companies still require patients to manually submit receipts **or** will **ONLY** allow us to submit on your behalf (they will not pay us).

\* This means that you would still have to pay us in full and, then, get reimbursed by your Extended Health Company.

2. Your Extended Health Company **MAY** only have a cap-per-visit amount that you can claim (i.e. only \$160 per visit, despite having \$500 max/yr.).

3. In addition to #2 above, your Extended Health Company **MAY** only cover a percentage (i.e. they only cover 80%) of the amount they allow per visit.

We will do our best to get as much covered as possible :)

**Companies that we can direct bill to include:**

BPA	GroupSource
Blue Cross	Industrial Alliance
Canada Life (was Great West Life)	Johnson (Express Scripts Canada)
Canadian Construction Workers Union (C.C.W.U.)	Johnston Group
