

# E-transfer Payments

We will accept e-transfers if:

1. You have a virtual or phone appointment with one of our doctors:

*We can still direct bill your extended health (if you have it); we will just send you an invoice that shows the amount that you owe.*

2. You owe for missing your appointment, as per our cancellation policy.

*We will send you an invoice for the amount that you owe.*

3. You suddenly realized that your debit/credit card is missing, while attempting to pay in office.

*While racking your brain trying to figure out where you last left it, you will still be able to easily pay 😊*

4. You are pre-paying for a pick-up or mail-out of supplements.

*We will email you your invoice and, once it is paid, then set-aside/mail out your order.*

All e-transfer payments should be sent to:

[info@doctoryam.com](mailto:info@doctoryam.com)

Of course, if you prefer, you can still pay via credit card over the phone/in-office. This is just another option for payment.

We also hope to be able to offer direct payment, through Quickbooks, in the future. Stay tuned.
