

The Yammer

Evergreen Wellness

January 2022

Happy New Year everyone! We hope you all stayed safe during the holiday season - it's not very often we have a white Christmas ❄️

We have a lot of changes, we hope, happening by the Spring. Please make sure you are on our Newsletter list, or follow us on Facebook (Evergreen Wellness; @drchristopheryam), to get the up to date information. See below for the first wave of changes and stay tuned for new things to come.

Dr. Chris Yam, D.TCM is still working Tues. - Thurs. from 10am to 2pm; we will notify changes in his hours, hopefully, in the February newsletter.

Dr. Katia De Marco, ND is still working Wed. - Fri. from 9am to 4pm.

We hope everyone has a healthy month. Keep positive - the days are getting longer and Spring is around the corner ☀️

Please note that, as of February 1, 2022, there will be the following changes:

1. An increase in price on most of our supplements.

This is due to the rising costs of materials and the increase in prices from our suppliers.

As we want to provide the best products possible, we, unfortunately, need to increase as well.

2. An increase in price for Consultations with Dr. Christopher Yam, D.TCM, as follows:

Initial Consultation: \$80

Repeat Consultation: \$60

Results Consultation: \$40 (no increase)

3. Dr. Katia De Marco, ND., is now registered with Health Insurance BC (Carecard/MSP).

IF you are on Disability or Income Assistance, your BC Health Card coverage can cover \$23 of your consultation fee (they only cover a portion of consultations and Acupuncture).

You get 10 visits/year and it is shared with Physiotherapy, Chiropractic, Naturopathy, and Massage Therapy.

We are just waiting for our online billing information, which should be within the next 2 weeks

We are working to add **new** services and re-introduce some of our old ones by the Spring (depending on Covid restrictions).

Stay tuned for what is to come.

"January looks forward to the new year and back to the old year. He sees past and future."

~ M.L. Stedman
